

Semester Program REFERENCE

Instructions for the Candidate:

Prepare 3 copies of this reference form, with your privacy choice and signature executed at the bottom of the 2nd page.

Give 1 copy each to 3 different individuals, each of whom represent a different area of your life, as follows ...

- Academic area (college professor)
- Ministry related area (church Pastor, church youth leader, ministry leader)
- Work area (a job supervisor)

Instructions for the Reference Person:

Please respond to each question as thoroughly as you can, using the space given or another sheet if necessary.

Execute affirmations and signature at the bottom of the 2nd page. Mail directly to the Institute at the address on the back. And on behalf of the candidate, who may typically be somewhat stressed trying to pull together all of the materials needed for this application, we would be grateful for your effort to complete and mail this reference as soon as feasible for you.

Please briefly describe your relationship to the applicant -- how do you know him or her? For how long? In what context?

The applicant is applying for a semester program in France, during which time he or she will be living at a Christian institute, serving participants in the Institute's ministries and programs, while also attending classes at a nearby French university.

In light of this, we would like to ask what you may have observed in the applicant that helps you believe he or she would do well living in, and adapting to, a non-American culture for an extended period?

In addition, what might you have observed in the applicant that helps you believe he or she would do well working and serving in a ministry context?

And what might you have observed in the applicant that helps you believe he or she would do well academically, especially considering the new and more independent environment of living and serving in another culture?

What have you observed in the applicant that helps you believe he or she has made a commitment to Christ?
